Let's meet !

## A WORD FROM OUR PRESIDENT

*E2C Europe support*

"This message is first of all a support to the Ukrainian people, to a democratic society, culturally "sister" so to speak, whose pain and confusion we can feel. It is also an invitation to our European institutions, so that together we can carry the project of democracy more clearly.

The European Association of Second Chance Schools was born out of the observation made by Edith Cresson in the White Paper, educating and learning, towards the cognitive society (January 1995). Cognitive skills are increasingly important,

## TEACHERS MEETING

In view of the interest in the Teachers Meeting 2021, Kim Brynaa, our vice-president, has decided to offer 4x more sessions on topics that are more interesting than ever!

At the previous meeting, our guest of honour Szilvia Schmitsek, was present, as well as Stine Bork Kristensen, our expert for this meeting. Stine Bork Kristensen is a Dyslexia teacher and Second Chance teacher and gave the trainers the opportunity to participate in the event in order to learn more about the topic of "Dyslexia amongst students with immigrant background" but also to share experiences, advice and a listening ear. A moment that allowed everyone to leave the session with a new dynamic. [Check out the results of our first survey](#), you won't believe your eyes!

For all these reasons, Kim Brynaa invites the E2C trainers to participate in the Teachers meeting on October 26th, 2022, which will take place in person in Copenhagen. The topic will be as inspiring as the last one, as the theme will be "Youth involvement". We look forward to seeing you there!

## PROJECTS

The young people are often brought together in projects operated by the professionals of the second chance schools. These trainers constantly renew their methods so that they are always innovative. These methods are the signature of second chance education. E2C Europe has decided to highlight projects over the past few months to disseminate the smart ways our partner schools teach.

We paid particular attention to the "E2C Express" which allowed the young participants to travel independently across France. An activity explained in detail by our wonderful manager, Céline Maillot, in a video that you can find [here](#).

Then there was the Youth Event, created for E2C Europe by Thomas Coquelle, which allowed young people to shoot a video about a place, a moment or a story they would like to share. 6 schools across Europe (including one winner) were rewarded for their participation. [Do you want to know who won the grand prize?](#)

## TRANSNATIONAL

We are pleased to announce that e2c europe is about to organize the second transnational meeting of s2cene project. It will take place from the 4th to the 6th of July 2022 in E2C Paris.

During this meeting, several topics related to s2cene will be discussed between the partners. Also an open event is planned on the 6th of July during this moment of sharing major actors from second chance education will come and talk about their expertise in this matter.
